NEW VALUE PRICING AT A GLANCE

BRONZE—This is our standard Value Pricing Package. It includes the basic Timberline components you will need to complete the Timberline model you choose. The Bronze package includes the Complete Dome Shell Kit, Dome and Extension Riser Walls, Extensions, Ledger Hangers and Ledgers and a Skylight allowance. As an added **BONUS FEATURE**, you can also purchase any of our Garage Packages at an additional 5% off the Garage Value Price.

SILVER—The Silver Value Pricing includes all of the Bronze package, PLUS the pre-cut Interior Plywood Panels that we introduced last year. We developed the panels in response to customer requests for an easy alternative to drywall. The feedback we have received from customers has been overwhelmingly positive. The Silver package also includes the special adjustable joist hangers, hold downs and straps for your plan. The **BONUS FEATURES** for the Silver package allow you to add any of our Cupola Kits by taking a 10% discount from the regular price and you can also add any of our Garage Packages at an additional 10% off the Garage Value Price.

GOLD—The Gold Value Pricing includes the entire Silver package, PLUS the Roofing and Roofing Felt required for your model. We are including high quality 30 year dimensional fiberglass shingles and 30 lb. roofing felt to provide a durable roof to your Timberline dome. The roofing comes in a variety of colors and when you place your order, we will send you color samples of actual shingles. This will allow you to see for yourself which color will blend in to your building environment. The **BONUS FEATURES** for the Gold package give you a 15% discount from the regular price of any of our Cupola kits, and you can also add any of our Garage Packages at an additional 15% off the Garage Value Price.

Don't delay! Call today to receive a personal custom quote. We need to receive your down payment by June 15, 2008 to reserve your spot in this year's busy production schedule and ensure your Value Pricing discount.

OUR BIGGEST DISCOUNTS & BEST DOME PACKAGES EVER!

TIMBERLINE GEODESICS — GREEN SINCE 1969.

Recently there have been a lot of stories about using green construction techniques to save energy. At Timberline, we've been following that philosophy for nearly 40 years. A Timberline Dome encloses the same volume as a box type house with 30% less surface area. This combined with the aerodynamic shape results in energy savings of up to 40%. In addition, 30% less material is required to build a Timberline dome, resulting in cost savings for the homeowner. And with our Value Pricing available until June 15, now is the time to build your Timberline dream home. Call us today at 1-800-DOME-HOME (1-800-366-3466) or visit us at www.domehome.com.
